## High Resolution USB2.0 TV Tuner Box Watch TV on PC or Notebook

AVerTV USB2.0 is an external TV tuner box, which allows you to watch live TV and to capture video on your Notebook or PC through USB2.0. Through the Hi-Speed interface, you just need to "Plug-and-Play" without removing computer cover then you can enjoy full D1 (DVD Quality) resolution quality video.

By this box, you can record and playback live TV and video in MPEG-4 / MPEG-2 / MPEG-1 format. Its multiple PVR functions: **TimeShift** makes it possible to pause the live TV, **Program Scheduler** is helpful to record your favorite shows, and **Still Image Capture** enrich your desktop! Furthermore, you can even hook it up to your home video entertainment systems with the additional AV and S-video inputs.
