AVerMedia
AVerTV USB2.0/Plus
Watch Live TV, Listen to FM and Record Video on Your PC via USB2.0

AVerMedia now has come up with a new product! The AVerTV USB2.0/Plus is an external TV tuner box, which allows you to watch live TV and to capture video on your Notebook or PC through USB2.0 Through the HI-Speed interface, you just need to "Plug-and-Play" to enjoy DVD quality programs without removing computer cover.

By this box, you can record and play back live TV and video in MPEG-4*/MPEG-2 /MPEG-1 format! Being your PVR, Scheduler function helps you not to miss any favorite show, Timeshift can pause live TV. With the additional AV and s-video input, you can hook it up to your home video entertainment system.
